PSAs have been developed for reopening guidelines as it relates to the general public. More will be developed based on question we are receiving.

Questions for Clarification:

1. From Mr. Johnson - As far as driver education is concerned, our instructor would need to be in the vehicle with the student to complete the driving hours. Is this allowed under the guidelines now or in the near future? Mr. Dryden stated there would be 2 students in the car plus the instructor. None of the current class will be eligible to apply for a driver’s license until August.

Dennis motioned to table until clarification can be provided, seconded by Justin. Stephen abstained from the vote. All in favor none opposed, Motion carried.

2. Is it possible to have a graduation ceremony outside with 6 ft. between graduates? How many guests are allowed? Are there other protective measures that need to be put into place. Should graduation be postponed?

Guidance from the Governor was reviewed. – Governors directive:
- Provide a live stream of graduation
- Limit spectator attendance
- Consider grouping graduates/ multiple ceremonies
- Social distancing between families must be followed

Dawson County BOH current order: no social gatherings, groups are limited to 10 or less with social distancing in place. We do not know when Phase 1 will end or Phase 2 will begin. Even if you waited until Phase 2 gatherings are still limited to 50 or less.

There could be a possibility for liability if the BOH allows activities outside of the Governor’s orders.

Public Comments:
Eva Crockett- What is the downfall of waiting to decide later in May and push graduation to later in June if needed.
Mark Franks- If phase 2 rolls around and you are allowed to have 50 people indoor, shouldn’t there be consideration for the outdoor venue and the amount of space available?
Social Distancing practice must be in place.
