Research shows masks are effective.

Enforcement should come from business,

Justice hasn't had any issues with people wearing a mask in the business.

The board of health does have the authority to do so through MCA Title 50.

Are we able to enforce? Consistency would be good.

Discussion:

Cases:

Should Dawson County be proactive and order mask use even if the county has less than 4 active

Governor's/2020 mask directive:

Test results still in hold.

Dr. Leal is concerned about those returning from Sturgis. At this time community surveillance

The most current COVID-19 case updates can be found on the DCHD Facebook page.

Deaths:

Hospitalizations:

**Glendive Public Schools:**
The number 1 priority is the safety of students and staff.

Four phased or tiered system- The top tier is traditional (pre-COVID) lifting the restrictions of mask use and social distancing

Tier 2-Restricted, All students back together with facemasks required because social distancing cannot be maintained. There are problems with transportation and food service in this model. Not all students who use the bus service could be served.
Next meeting - 8/21/20 at 11:00

Head Start: Working on finalizing a plan, class sizes will be reduced. There are meets scheduled in the upcoming week.

Rural Schools: Are able to practice social distancing. Masks will be at the parents' discretion.

Well thought through and believe the board has come to the right decision about starting the first day of school scheduled for 8/19, are looking at delaying the start to the 8/26th. This will be decided at the Board Meeting 8/7.

Comments:

Tier 4 - All remote learning. They are also working on triggers as to under what criteria would they be able to move from one tier to the next. The board has come to the right decision about starting the school year with a blended model.
